DETAILED ACTION

1. The applicant's election of claims 2-5 is acknowledged.

Claims 2-5 are present for examination, and claims 6-16 are withdrawn from further consideration.

Claims 2-5 are allowable over the prior arts of record for the reasons as stated below:

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior arts fail to teach or fairly suggest a semiconductor memory device including a control circuit for receiving a clock signal and a first control signal, and configured to output data in synchronism with said clock signal after said first control signal is asserted. The improvement consist of having ***said output data beginning a number of transition (N) of an internal signal (N >> 2) which responds to said clock signal after said first control signal is asserted, at least one of said data being output at the transition of said internal signal after said output begins.***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT
